

Holocaust Memorial Day

Peace&Grace invited members of the community in collaboration with Dagenham Christians Together and Church Hub Elm who came together to mark Holocaust Memorial Day.

Why we remember

Holocaust Memorial Day is a time to remember the six million Jewish people murdered during the Holocaust, alongside the millions of others persecuted and killed through Nazi persecution and in later genocides.

The community reflected on the impact of hatred and discrimination within our communities, renewing their commitment to diversity kindness, respect and understanding.
